Individual Project Solutions – Contact Us!

Many application scenarios demand a project specific solution.

When planning, manufacturing, and assembling your individual requirements, Knürr takes multiple factors into account, including your personal requirements as

well as legal guidelines. Industrial designers and Technicians closely cooperate at our product design department to bring form and function in line. The resulting designs are regularly tested by means of 3D-CAD models and you are welcome to incorporate

your ideas any time. Any required prototypes are manufactured by experts who translate your wishes and ideas into a real product.

**Knürr SynergyCart® Advanced
Strong points**

• **The ergonomical equipment carrier**

- Mobile, height-adjustable LCD workstation
- Supports computers, bar code scanners and printers
- Test trolley in production / workshop
- Warehouse picking, scanner carts
- Ideal for automotive and industrial projects where small space-saving trolleys with cable management are required
- Fully assembled and ready for use
- Tested according to the latest standards and regulations
- Stable, attractive base in 2 versions:
 - Synergy Cart Advanced
 - Synergy Cart Advanced MetraLine

• **Characteristics**

- Flexible height adjustable by gas pressure column - 750-1040 mm
- Comfortable working in sitting or standing position
- Easy handling with in the worktop integrated handles
- Ergonomic lever for safe and comfortable height adjustment
- Spacious and stable worktop, made of 15 mm HPL solid core material (width 695 mm, depth 570 mm) for loads up to 16kg
- Either with single or double steering rollers
- Easy movement on uneven floors or above doorsills through ø 125 mm smooth running castors
- Fixation by two castors with locking mechanism
- No scratches on doors, walls and furniture due to integrated plastic bumper caps
- Simple, individual assembly of accessory components, e.g. drawers and storage shelves on the vertical aluminum profile
- User-friendly cable management with plenty of space for cables, sockets and transformers
